

**“This book will cause you to question everything—read it!”**  
—Blake Ross, cofounder of Firefox

Whether you are an overworked employee or an entrepreneur trapped in your own business, *The 4-Hour Workweek* is the compass for a new and revolutionary world. Join Tim Ferriss, popular guest lecturer in high-tech entrepreneurship at Princeton University, as he teaches you:

- How to outsource your life and do whatever you want for a year, only to return to a bank account 50% larger than when you left
- How to train your boss to value performance over presence, or kill your job (or company) if it's beyond repair
- What automated cash-flow “muses” are and how to create one in 2 to 4 weeks
- How to cultivate selective ignorance—and create time—with a low-information diet
- What the management secrets of Remote Control CEOs are
- How to get free housing worldwide and airfare at 50–80% off
- How to fill the void and create a meaningful life after removing work and the office

**“Timothy has packed more lives into his 29 years than Steve Jobs has in his 51.”**

—Tom Foremski, journalist and publisher of [SiliconValleyWatcher.com](http://SiliconValleyWatcher.com)
